

Want to be featured in our #KissCovid2020 Campaign?

What is the #KissCovid2020 campaign?

The **#KissCovid2020** campaign was designed by the Drug Free Kennesaw Coalition members to educate parents and teens on important topics such as substance use, mental health, and self care and to provide resources in the community for such topics.

New **#KissCovid2020** topics are shared weekly on Tuesdays through Drug Free Kennesaw's Facebook and Instagram stories. Each week, a community member or coalition member picks a topic to share with the community!

How to be featured in the campaign:

Step 1: Reach out to us through our social media accounts which are linked below.

Step 2: Decide which topic you would like to discuss during the week you will be featured. If you are unsure of a topic, no worries! We can help you decide! You can also check out our Instagram highlight to view past content for inspiration.

Step 3: Once we have decided on a topic, you will create a short video talking about the topic you chose.

Step 4: Send the video to us on social media.

Step 5: We will schedule a week for you to be featured.

Follow us on social media to stay in the loop!
